Sand - A round natural sand (rather than an angular quarry sand) which is 95% pure silica. Over 85% of the particles fall between 1.00 - 0.25 m.m. as recommended by leading physical soil testing laboratories.

Peat Humus - Completely salt-free peat humus from Western Maryland, Pennsylvania and North Carolina.

Topsoil - A rich fertile loam from our specially prepared fields with over 2% organic content and approximately a 6.5 pH.

Other custom mixes available on request.
Individual test results available on request.

Lawn Soil / Top Soil

LAWN SOIL

Not an ordinary topsoil

TERRE LAWN SOIL is a specially blended soil mixture consisting of topsoil, sand, and manure, treated to be **WEED FREE!**

Shipped in full pallets only

TERRE'S LAWN SOIL is used extensively on golf course greens as a top dressing and divot repair. Now available for use on home lawns. Packed in 40lb. bags. 60 per pallet.

NOTE: 1/2 Trailer load is normally 10-11 pallet & Trailer loads are 20-22 pallets of material. 1/2 Trailer & Trailer load quantities will vary due to moisture content of the product. All loads must be taken on a "more or less" basis. All Cedar, Hemlock bags & Cedar cubes may be combined to make Trailer & 1/2 Trailer loads. When placing 2 1/2 CuYd cubes on loads 2 cubes equal 1 pallet. **Extra Charges:** Hand unload \$100/load, Saturday deliveries (when possible) \$350.00/ load, Partial load stop over charge \$50.00. Additional Fuel Surcharges apply to all loads. **Deliveries less than 1/2 trailer loads must be delivered from Terre yard. For Shipping Purposes We Must Ask That You Order Even Quantity Of Tall Palleted Material.**

RIGHT DRESS Specialty Garden Products

The only licorice-root garden mulch. It will not wash away or blow away, is sterilized and free of weed seeds. Use it as a soil conditioner to add humus, improve aeration in clay soil and decrease erosion tendencies in sandy soil. Ideal for around swimming pools, in play areas and on pathways. In 1.5 CuFt. plastic bags.
