## Heavy Duty Landscape Tools

WW spades and shovels are made of aircraft-quality steel, are super strong, rust resistant, smooth and the perfect weight. Five year guarantee against breakage under normal use. Large all-tubular "D" handle for comfort. Optional rubber foot pad available. Long tapered cutting edge resists dents and nicks from hard digging conditions. Virtually self-sharpening during use. The innovator of spade technology has developed the ultimate spade.

# Bulb and Plant Auger

## A NEW WAY TO MAKE YOUR GARDENING EASIER!

Our new BULB & PLANT AUGER simplifies your landscaping needs. It makes planting faster and easier. Although designed for planting tulip bulbs, it can also be used to meet many other gardening needs. Now you can plant 500 bulbs or plants per hour.

- The steel auger attaches to your work shop drill and is very easy to use.
- The root-cutter and soil loosener at the tip of the auger facilitates drilling and prepares a good environment for root growth.
- The soil clearing whip positioned 6 inches above the base of the auger measures the proper depth for planting tulips and prevents the dirt from falling back in the hole.

The unique 2 1/2" diameter makes the tool very versatile-ideal for planting many types of bulbs, annuals and vegetable plants.
