Hearing Protection

CSEP06	The Moldex "Jazz Band" Hearing Protector is cooler to wear than earmuffs, and the lightweight design is more comfortable. The NRR 25 rating makes it as effective as many low-cost earmuff options available on the market today. The handy breakaway neck cord allows it to hang around the neck when not in use. A special AdB coating on the pods reduces sound transmissions, repels dirt and allows the pod to be washed and reused.	
CSEP64	REUSABLE Moldex Rockets feature an easy grip handle that lets them slip easily into the ear and the soft flange design provides great fit for most size ear canals. A built-in air bubble in the tip provides cushioned wearing comfort. Each pair is packed in its own Pocket-Pak carrying case for hygienic storage. Easily washable for use again and again.	
GLW303	The tapered shape and moderately slow expansion rate of these plugs make them easy to insert and comfortable to wear. Fits all ear canals. 200 individually bagged uncorded pair per dispenser box. Noise Reduction Rating (NRR): 29 dB	
CSEP50	This high-performance earmuff features soft SuperSeal ear cushions, cushioned headband and low headband force for maximum comfort. Self-aligning suspension provides easy adjustment. A Noise Reduction Rating of 28 dB offers the best performance in its price class. Dielectric construction. Meets ANSI Standard S3.19, 1974.	

Respiratory Protection

CSR331	Unsurpassed for comfort and protection. The Series 100 silicone mask body is soft and flexible, hypoallergenic, resistant to dirt and grime, and easily cleaned. Conveniently pre-assembled with organic vapor cartridges and N95 prefilters for filtration of solid and liquid non-oil particulates (95% efficiency). Swivel yoke suspension system provides a more natural fit without irritating pressure points. Low profile cartridges for maximum field of vision. Suitable for use with lacquer and enamel paints, and most commercially available pesticides	
CSR338	RESPIRATOR REPLACEMENT CARTRIDGE OV/N95 1 PR.	
CSM230	Exhale valve reduces hot air build-up and keeps user cooler. Dura-Mesh® shell resists collapsing in heat and humidity. Molded nose bridge seals easily without a metal nose band. Foam nose flange relieves pressure points. Flame retardant shell. NIOSH approved for filter efficiency of 95% or greater against particulate aerosols free of oil. Packed in a convenient personal 5-pack locker, with a separate compartment for the mask being used
