

Tarps and Fasteners

POWERMESH RUBBISH TARPS CORDURA MESH - BLACK

A Standard in the business for 20 years. Nylon scrim dipped in vinyl provides super strength and durability. Reinforced hems with grommets every 3'

Code	Description
MP3012	10'x12' Bulldog Mesh
MP3020	10'x20' Bulldog Mesh

HOME & GARDEN POLY TARPS

They're tough High density poly woven scrim is 10 x 10 per square inch with two mils durable low-density. Ultraviolet resistant polyethylene makes the material virtually rip-proof . . . highly resistant to most chemicals.

Lightweight and easy to handle While some 8' x 10' fabric tarps can weigh as much as 20 pounds, the 8' x 10' Dize Home & Garden Poly Tarp weighs less than three pounds

Durable Dize Poly Tarps feature heat-sealed seams, reinforced corners, polyethylene rope-lined and double-stitched hems. Rustproof grommets are placed approximately every three feet.

Code	Description
